BEST PRACTICES

(Practice I)

TITLE OF THE PRACTICE: Parents-Students-Administration Triangular Meet

GOAL: The goal of the practice was to increase the rapport between parents and the institutional administration. That would enable parents, students and the college administration to strive for the accomplishment of institutional objectives in unison.

CONTEXT: Since students come from various socio-economic and educational backgrounds harbouring different aspirations it was necessary to bring together two important stakeholders for getting socialized with the institutional goals and work for achievement thereof.

THE PRACTICE: The practice was primarily an inter-personal meet with parents of the enrolled students. It was intended to understand the diverse social, economic and educational backgrounds of the students and to acquaint them with the institutional vision, mission and the college milieu. It was intended to buttress an emotional bond between the college and parents. The institution was enabled to a good extent in ascertaining the expectations of the parents from the institution and the students' aspirations. The college administration consequently incorporated certain changes in its rules and regulations. It was besides helpful in boosting the infrastructural facilities and widening student support services. The college administration also took the opportunity to ascertain the main reasons that promote the number of drop out case in the college and sought suggestions from the parents to bring down these incidences. After listening to the pleas of many destitute parents, the college administration promised of all possible financial assistance to the students from very poor backgrounds.

EVIDENCE OF SUCCESS: The parents are in regular touch with the administration vis a vis the concerns of their wards. The student behaviour has been streamlined. They have also been acquainted with code of conduct of the institution. The instances of deviant behaviour have been significantly reduced.

PROBLEMS ENCOUNTERED:

- A number of parents do not cooperate in this endeavour.
- Many a students do not attend the institution regularly

RESOURCES REQUIRED:

- Shortage of permanent faculty
